

ENGINEERING APPRENTICESHIP

opportunity at

OTTER CONTROLS LIMITED

The Company has been a leading manufacturer of thermostats, safety cut-outs and other sensing devices for the electrical, automotive and domestic appliance industries throughout the world for 70 years.

We wish to recruit an applicant to undertake a Mechanical Engineering Apprenticeship commencing in August 2018 and the successful candidate will receive:

- Appropriate further education via block or day release to a minimum of NVQ Level 3.
- In-house training in mechanical disciplines.
- This will allow the individual to progress to a qualified toolmaker, technician or engineer.
- Additional higher education to HND or degree, depending on the calibre and performance of the individual.

Applicants should ideally have achieved, or expect to achieve, a minimum of 5 GCSE passes at grades A to C (or equivalent) which must include maths, English and a science.

We also encourage individuals with higher educational (GCE A Level or BTEC) qualifications to apply.

The Company can offer good terms and conditions of employment, which include :-

- Contributory Occupational Pension Scheme and BUPA membership (subject to length of service.)
- Paid overtime rates(after 38 hours)
- Average of 6 weeks holiday per year.
- Excellent working environment
- Company sick pay scheme

Please apply in writing or by e-mail to: Mrs Sally Lowles - Personnel Services Officer, Otter Controls Limited, Tongue Lane Industrial Estate, Dew Pond Lane, Fairfield, BUXTON, Derbyshire, SK17 7LF. s.lowles@ottercontrols.com

Telephone enquiries will not be accepted.

Application Forms will be considered during June
